

013620

**WINMAG license MaxPRO VMS**

License option for WINMAG/WINMAGplus basic software. Required if intrusion detection systems are connected to WINMAG.

This license may be ordered separately (subsequently) only in conjunction with the auxiliary number 013609. The update number of the basic license must be included when ordering. The license is used for connection of the Honeywell intrusion detection systems MB/HB, 5008.

Please use the attached order form.

Connection Server

013606

**WINMAGplus license connection server**

License option for WINMAG/WINMAGplus basic software. Connection Server is a software module that enables the connection of a 3rd party device to WINMAG. Connection Server offers a convenient interface with which data and control commands can be exchanged bi-directionally in detection point format using WINMAG.

This license may be ordered separately (as a subsequent optional update) only in conjunction with the auxiliary number 013609. The update number of the basic license must be included when ordering.

Please use the attached order form.

013607

**Connection server developers kit**

This developers kit can be used to program WINMAG/WINMAGplus connections to third party devices. The package contains the connection server developers kit including full documentation plus a one-day training session in Albstadt (Germany).

Please use the attached order form.

Dongle for USB port and license file
