

013624

**Option – redundancy**

Option for redundant connection of essernet and IGIS-Loop security networks to the WINMAG server. Interface operation for redundant networks is based on master/back-up operation and prevents data loss in WINMAG objects in case of disruption of network connections caused by cable defects or COM port failure.

Please use order form printed in the catalog.

013625

**Option – client**

License option for WINMAG/WINMAGplus basic license. Enables operation of one client station in a computer network with one server workstation. The license must be installed at the server workstation. Clients require only the WINMAG software to be installed. One WINMAG client license is needed per client.

This license may be ordered separately (as a subsequent optional update) only in conjunction with the auxiliary number 013609. The update number of the basic license must be included when ordering.

Please use order form printed in the catalog.

013640.10

**WINMAGplus - remote-access package**

With this remote-access package, WINMAG/WINMAGplus applications can be remotely serviced and supported via modem. The package includes four hours of telephone support within the first twelve months.

No modem is included with the package and must be provided in accordance with the existing transmission technology.

Please use the attached order form.

013653

**WINMAGplus – 4-monitor support option**

Option for WINMAGplus basic license. Enables the allocation of 4 monitors from a choice of 8 monitors. This option only works with WINMAGplus.

This option requires a special graphics card with up to 8 outputs in the WINMAG hardware.

This option must be ordered per workstation which uses the multi-monitor option.

013655

**WINMAGplus – AutoCAD option**

Option for WINMAGplus basic license. Enables the placement of detectors and groups directly from ACAD LT. The drawings are saved as dxf files. The detectors/groups are placed as hyperlinks in the ACAD drawing and stored. When importing these ACAD drawings into WINMAGplus, the symbols of the disciplines are automatically placed onto the correct position in the drawing. An ACAD license must be provided by the customer.

This option only works with WINMAGplus.

013614

**WINMAGplus – OEM option**

Option for WINMAGplus basic software for customizing WINMAGplus to individual customer-specific wishes.

May cause changes to symbols/text and the front end.

These licenses may be ordered separately (as a subsequent optional update) only in conjunction with the auxiliary number 013609. The update number of the basic license must be included when ordering.

Please use order form printed in the catalog.
