

Lockable Slimline Wall Box - W28

V.3.1

Description

The FibreFab wall box system can be supplied unloaded ready for the installer to load with their choice of adaptors, or pre-loaded with adaptors and pigtails ready for installation. With the ability to use a full array of adaptor types, this wall box offers a flexible solution to the end user, enabling them to incorporate a multi functional wall mounted box which allows easy access during installation or rework with no disturbance of existing cable or fibres. In addition to the array of adaptors the box also offers multiple cable entry and exit solutions: up to 4 standard entry points for loose tube, tight buffered, preterminated, steel tape armoured cable and 2 slotted positions for patch cord exit.

Features/Benefits

- ▶ Up to 24 fibre
- ▶ Multiple adaptor options
- ▶ RoHS, REACH, SVHC
- ▶ Lockable single door
- ▶ Internal bend radius protection included
- ▶ For use in multi dwelling units or demarcation points
- ▶ Includes fibre management spool (as standard)
- ▶ Splice Tray
- ▶ Strength tie point
- ▶ Optional extras: pigtails / adaptors

Technical Specification

Slimline Wall Box	
Height	288mm
