## **Data sheet**

**EZF** ID

Description cable pulling tape

**Properties** draw-in device for the cabling of conduits

| Art. no. | Length | Material thickness draw-in wire | Small Package | Large Package |
|----------|--------|---------------------------------|---------------|---------------|
| 000 941  | 5 m    | 3,7 mm                          | -             | -             |
| 000 942  | 10 m   | 3,7 mm                          | -             | -             |
| 000 943  | 15 m   | 3,7 mm                          | -             | -             |
| 000 944  | 20 m   | 3,7 mm                          | -             | -             |
| 000 945  | 25 m   | 3,7 mm                          | -             | -             |
| 000 946  | 30 m   | 3,7 mm                          | -             | -             |

## **Areas of Recommended Application**

| Area              |                   |
|-------------------|-------------------|
| Application range | Installation tube |

## Further technical details

| Details          |       |
|------------------|-------|
| Head form        | Ball  |
| Material quality | Steel |
| Material         | Stahl |
